DEMAND EVACUATION OF ALL PROVINCES

If Parley Is Resumed Bolsheviki Must Withdraw From Finland and Ukraine.

Amsterdam, Feb. 21 .- "Before re opening peace negotiations with Trotzky," said Dr. Gustav Stresemann, national liberal leader, in the reichstag yesterday, "we must demand complete evacuation by the bolsheviki of Finland, Lithonia, Esthonia and Ukraine, the release of German Esthonians and Letts, and recognition of the peace treaty concluded by Ukraine.

"Until the bolsheviki prove by their deeds that they are in earnest, our military measures should be re-stricted in no manner. Baltic Germany is being slaughtered just be-cause it is German. We would not be an honorable nation if we looked on calmly."

Dr. Stresemann's speech, made dur-

ing the debate on the Ukrainian treaty, was applauded loudly. He denounced the Poles, saying they had done nothing to win the sympathies of the Germans who "have bled for the independence of Poland." Count von Westarp, the conserva-tive leader, approved the treaty with

Ukraine, saying:
"It finally breaks the Anglo-American blockade and ends the peril of Turkey from the Russian dream of conquest of Constantinople." He declared that concessions, such as those made to Ukraine regarding war prisoners, must not be made to great Rus-sia or Rumania.

"The good German sword is again at work," he continued, "We wel-come the quick decision in this re-spect, and have confidence that the army command will fulfill its task."

Poland, said Count von Westarp,
neglected to win its independence in
open and honorable union with the
central powers. As Poland could not be trusted to live in friendship with Germany, the eastern frontiers must be shaped in accordance with the requirements for military security.

EGG SHIPMENTS REACH THE EAST Those Delayed Now at Their

Destination and Bring

Good Prices. Egg dealers, who have shipped large quantities from this section to the east-ern markets, state that they have begun to arrive at their destination and are bringing fully as good prices as had been expected, and fair profits were realized. The wholesale prices show an advance to 45 cents today, but the price is still held down in the markethouse to 40 cents per dozen, dealers not feeling justi-
